# TRAINING

## YOUR PEOPLE MAKE THE DIFFERENCE

Damen Services training programs give you skilled, motivated and committed employees. This results in a sustainable approach and enables you to reach your goals in reducing operational costs, improving vessel uptime and in reducing lifecycle costs.

A selection of the main courses:

- Vessel familiarisation
- Technical & operational training
- Vessel maintenance
- Navigation & communication
- Sailing & manoeuvring
- Safety & environment
- Shipbuilding
- ASD Tug-master-training

Invest in your employees' knowledge and skills to improve your performance and expand your business.

Our training programs:

- Increase employee satisfaction and motivation
- Minimise the vessel's lifecycle costs
- Increase uptime
- Reduce operational costs

The participants are ensured of a good balance between theoretical and practical training.

As well as in-house training Damen Services also offers:

- Standards of Training, Certification & Watch-keeping: certified training and simulator courses at leading training institutes
- Multilevel safety and fire fighting training programs
- Certified operation and maintenance courses at suppliers of the main equipment

**Damen Services offers the total training package when it comes to developing your staff.**
