DAMEN CIVIL

BENEFITS OF DAMEN CIVIL

- Founded in 1927, Damen has many years of experience with developing and operating newbuild and repair facilities
- We are present in more than 25 countries around the world and have an extensive network of preferred suppliers and manufacturers
- Damen Civil supplies both brand new and good quality second-hand materials and equipment
- Damen Civil also installs, tests and commissions delivered tools and equipment
- Accompanied documentation and user manuals can be provided in any language
- We provide excellent warranty and after sales services and are available nearly 24/7 in many languages
- Damen Civil organises and manages the whole procurement process from manufacturer/supplier to delivery and commissioning at desired location anywhere in the world
- During the course of a project a dedicated project team is constantly present, thereafter our regional service manager is at your service
- Delivery can take place in Damen containers, providing storage space at end location
- Damen Civil provides advice and assists with the design of complete workshops
